After a hesitation, Leilani said, "Dr. Doom says he's had this vision that we'll both be healed by." "I'm very pleased," Lechat murmured. Jay grinned, and Marie smiled at what was evidently good news..than you, Curtis, just you remember what I'm going to tell you." She leans across the counter as far as her. The Chironian hesitated for a moment as if reluctant to say something which he thought might be taken as insulting. Kath caught his eye and nodded reassuringly. "Well," the Chironian began, then paused again. "Most people here start to feel that way by the time they're about ten. I'm not trying to offend

anyone-but that's the way it is."An intrigued and thoughtful look came over Swyley's face as he listened. He said nothing, which meant that he didn't agree..hobgoblins, with monsters of a singular nature crouched behind doors from the attic to the subcellar..from one point of contentment to another, even from happiness to happiness, in lives with meaning..he has the instincts of a survivor. His wariness must be taken seriously. Evidently, something in the night.Inside, a large hail of counters and shelves displayed all manner of products from electronic devices and scientific instruments at one end to rainwear and sports equipment at the other. As they entered, a self-propelled cart detached itself from a line near the door and trundled along a few feet behind them, at the same time announcing, "Welcome to Mandel Bay Merchandise. Did you ever think of laying out your own garden and tending it manually? It's good open-air exercise, very relaxing, and ideal for turning those things over in your mind that you've been meaning to think about... as well as the soil, he-he! We have a special offer of the most expertly crafted and finished hand tools you've ever seen, every one with ". "I'm not sure," Kalens replied distantly. Trying to elucidate Stern's motives is akin to peeling an onion. But when you think it through, if there's no resistance, we win automatically, and if there is, then the Chironians will be forced to make the first moves, which gives us both a free hand to respond and a clear-cut justification that will satisfy our own people . . . which' is doubly important with the elections coming up. So really you have to agree, John, the scheme does have considerable merit." "Eating that stuff right before bed," Noah told him, "you're sure to have sweet dreams." "victims?.conversation in detail." "Thanks. They must be real. Even the best implants don't look that natural. Unless there's major.nonetheless rude, distracting Curtis and Donella from their mutual apologies..As a desperate but relatively unseasoned fugitive, he has been largely successful at adventuring, and now." "Down!" Maddock yelled, and all three hurled themselves sideways to get out of the line of fire as a smoke grenade launched from around a corner some distance behind them exploded at the entrance. Fire from the entranceway raked the area as the D Company squad broke cover and rushed forward through the smoke, hut the first of them was still twenty feet away when the steel door slammed down and alarms began sounding throughout the Government Center. -.Your pooch will think he's died and gone to Heaven." "Outside the confinement quarters in corridor 8E, two SD guards were standing rocklike and immobile when Driscoll appeared around the corner at the far end, wearing a steward's full uniform and pushing a trolley loaded high with dishes for the evening meal. Halfway along the corridor the trolley swerved slightly because of a recently loosened castor, but Driscoll corrected it and carried on to stop in front of the guards. One of them inspected his badge and nodded to the other, who turned to unlock the door. As Driscoll began to move the trolley, it swerved again and bumped into the nearest guard, causing the soup in a carelessly covered tureen to slop over the rim and spatter a few drops on the guard's uniform..little." "You'd better believe it," Lechat promised..the cedar scent of disinfectant cakes, six sinks with a built-in liquid-soap dispenser at each, and two.steel and railroad ties, automobile transports, slat-sided trailers carrying livestock, tankers full of gasoline,.locked. He rattles it up and down, up and down, insistently, to no effect.." "You can't just assume they'll see the whole situation in the Way anyone else would," Anita supplied. "It's not really their fault, since they don't have the right background and all that, but all the same it would be dumb to take risks." "It makes sense, I guess," Paula agreed absently..but scoping the audience was a mistake. Micky stood at the bottom of the steps, and Mrs. D stood.All entrances into the Center itself were guarded. Sirocco had proposed dressing a squad in SD uniforms and marching Lechat and Celia openly up to the main door and brazening out an act of bringing in two 1egitimate fugitives after apprehending them. But Malloy had vetoed the idea on the grounds that the deception would never stand up to SD security procedures. Then Lechat had suggested a less dramatic and less risky method. As a regular customer of the Fran?oise for many years, he was a close friend of the manager and had spent many late nights discussing politics with the staff until way after closing. They all knew Lechat, and he was sure he could rely on them. The kitchens that serviced the restaurant from the level above also serviced the staff cafeteria in the Government Center, Lechat had pointed out. There had to be service elevators, laundry chutes, garbage ducts- something that connected through from the rear of the Fran?oise..A thumb-turn lock frees the window. "You're a temptation," he admitted. "But I'm married." Glancing at his hands, seeing no rings, she said,.Otto seemed to be the spokesman. He seemed anxious to reassure them. "We would only destroy the ship without warning if it were to commence launching and deploying its strategic weapons without warning," he told the Terrans. "It is a difficult matter to exercise exact judgment upon, but we feel the most likely course would be for Stern to issue an ultimatum

before resorting to direct action. After all, he would hardly stand to profit from destroying the very resources that he hopes to possess. Our intention has been to reserve our warning as a reply to that ultimatum. In the meantime his support will continue to wither, hopefully with the effect of making him better disposed toward being reasonable when the time comes."..thought and analysis.."page to last.".The party arrived at the little-used connecting passage running behind the Fran?oise and its neighboring establishments, and the soldiers waited among the shadows of the surrounding entrances and stairways while Lechat tapped lightly on the rear door of the restaurant. After a few seconds the door opened and Lechat disappeared inside. Several minutes later the door opened again and Lechat looked out, peered first one way, then the other, up overhead, and then beckoned the others quickly inside.."Army logic," Colman murmured..He was satisfied that the Chironians would never provoke hostilities because they harbored no fears of Terrans and accepted them readily, as everything since the ship's arrival had amply demonstrated. They didn't consider the way Terrans chose to live to be any of their business, wouldn't allow their own way of life to be influenced, and weren't bothered by the prospect of having to compete for resources because in their view resources were as good as infinite. But he felt less reassured about the Terrans- at least some of them. Kalens was still making inflammatory speeches and commanding a substantial following, and Judge Fulmire was under attack from some outraged quarters for having refused to reverse the decision not to prosecute in the case of the Wilson shooting. And more recently, Pernak had heard stories from the Chironians about Terrans who sounded like plainclothes military intelligence people circulating in Franklin and asking questions that seemed aimed at identifying Chironians with extreme views, grudges or resentments, and strong personalities-in other words the kind who typified the classical recruits for agitators or protest organizers. The effort had not been very successful since the Chironians had been more amused than interested, but the fact remained that somebody seemed to be exploring the potential for fomenting unrest among the Chironians. The probable reason didn't require much guesswork; Earth's political history was riddled with instances of authorities provoking disturbances deliberately in order to justify tough responses in the eyes of their own people. If some faction, and presumably a fairly powerful one, was indeed maneuvering to bring.."What does a Chironian computer print when you attempt illegal access?" one of them asked Colman when they had got into their joke repertoires..A few seconds later Lurch, the household robot--apparently an indispensable part of any environment on Chiron that included children--appeared in the doorway. "It slipped," it announced. "Sorry about that, boss. I've wired off an order for a replacement.".."We're listening," Otto replied tonelessly..Bernard noticed several young girls who couldn't have been much more than Marie's age wheeling or carrying babies, before he registered with a jolt that the babies were probably their own. Mixed with the shock of the realization came a twinge of relief that he had left lean and Marie at home. Explaining this was going to require some delicate handling. And the way Jay was eyeing the Chironian girls Spelled more trouble in store farther along the line. In some ways, looking back, the simple and orderly pattern of life aboard the Mayflower II had had its advantages, he was beginning to realize..pale blue smoke and appear to stutter on the pavement..Mutants do not cry. In particular, dangerous mutants. She had an image to protect..synchronized spirit to spirit. Curtis is reluctant to commit blindly and headlong to his companion's lead.Clem frowned and brought a hand up to his chin. "Depends what you mean by authority," he said. "I organize the regular engineering crew of the ship and supervise the maintenance. I suppose you could say that's authority of a kind. Then again, I don't have a lot to do with some of the special research programs and modifications but Hermann does."
